and, such a visit may be during any of these periods in respect of any of those schools.

(5) The purpose of any such visit as is referred to in paragraph (4) shall be to enable the monitoring authority to monitor whether the assessment arrangements for the purposes of administering the NC tests under article 10 are in accordance with the provisions of the document in which those NC tests are published and the relevant NC assessment timetable, including, in the case of a visit under paragraph (4)(b), whether pupils' written responses to the NC tests represent their own work.

(6) Following any such visit as is referred to in paragraph (4), the monitoring authority shall discuss the outcome of the visit with the head teacher.

(7) Where, as a result of a visit, it appears to the monitoring authority that any of the assessment arrangements in connection with administering the NC tests under article 10 are not in accordance with the document in which those NC tests are published or the relevant NC assessment timetable or that any pupil's written response to the NC tests does not represent his own work, they shall—

- (a) bring the matter to the attention of the head teacher; and
- (b) report the matter to the Authority.

(8) It shall be the duty of the head teacher and the governing body—

- (a) to permit the monitoring authority to enter the premises of the school at all reasonable times in order to observe the implementation of the arrangements for NC test assessment under article 10;

- (c) to provide to the monitoring authority such information relating to such assessment as they may reasonably request.

(9) For the purpose of exercising their functions under this article, the local education authority shall appoint such competent persons as they think fit.

Investigation by the Authority and correction of record of results

12.—(1) The Authority shall investigate any matter referred to them under article 11(7) or otherwise brought to their attention which, in their opinion, relates to the accuracy or correctness otherwise of any results of any pupil in respect of the NC tests administered under article 10.

(2) Where, following an investigation under paragraph (1) and before the external marking agency have provided the record of the results to the head teacher under article 10(5), the Authority determines that the accuracy or correctness otherwise of a pupil's results in respect of the NC tests administered under article 10 is in doubt, the record of the results to be provided by that agency to the head teacher shall be the record of the results determined by the Authority.

(3) Where, following an investigation under paragraph (1) and the external marking agency have provided the record of the results to the head teacher under article 10(5), the Authority determines that that record of the results is inaccurate or otherwise incorrect, the Authority shall provide to the head teacher a record of the results determined by the Authority and that record of the results shall be the record of the results for the pupil.

Evaluation of Assessment Arrangements

13. The Authority shall make such arrangements as seem to them appropriate for determining the extent to which the provisions of articles 4 to 10 and their implementation achieve the purpose mentioned in article 1(2).

Supplementary powers of the Secretary of State

14. The Secretary of State may make such provisions giving full effect to or otherwise supplementing the provisions made by this Order (other than provisions conferring or imposing functions as mentioned in section 356(5)(a) of the Education Act 1996 as appear to him to be expedient, including in particular provisions as to NC tests for the purpose mentioned in the definition of such tests in article 3(1) and as to the time when and the manner in which the tests are to be administered.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order revokes and replaces the Education (National Curriculum) (Key Stage 3 Assessment Arrangements) (England) Order 1996 (“the 1996 Order”). It specifies the assessment arrangements for pupils in the final year of the third key stage, as they apply to schools maintained by local education authorities (other than any established in a hospital) in England.

The main change from the 1996 Order is to provide for monitoring of the NC test assessment arrangements under article 10 by local education authorities and for determination of a pupil’s record of results by the Qualifications and Curriculum Authority in cases where the results of the NC test assessment are inaccurate or otherwise incorrect (*articles 11 and 12*). The head teacher is also required to provide a statement, signed by himself, to the external marking agency confirming that the NC tests were administered in accordance with the document in which they are published at the time specified in the relevant NC assessment timetable (*article 10(4)*).
