(2) On receipt of an application under paragraph (1) which complies with the requirements of the passport-issuing organisation, that organisation shall issue a passport or Section IX pages, as appropriate.

(3) In the case of a horse in relation to which a passport has not yet been obtained or is unavailable for any reason, or in relation to which the veterinary surgeon or other person administering the veterinary medicinal product is not satisfied that the horse is the one described in the passport, the veterinary surgeon or other person administering the veterinary medicinal product shall give to the keeper –

and the keeper shall give the information to the owner.

(4) Following the receipt of a written record or notice by the keeper of treatment under paragraph (3), the owner shall, as soon as the passport becomes available –
