PART 1B

Scope of Part 1B

2A. This Part applies to consignments of permitted material produced in a member State.

General requirements

- 2B.** A consignment of permitted material must be accompanied by—
- (a) a copy of the Master Certificate issued by the relevant official body under Article 12 of the Directive;
 - (b) a label or document which complies with the requirements in Article 14 of the Directive;
 - (c) an OECD Certificate of Provenance or OECD Certificate of Identity issued in relation to the permitted material; or
 - (d) a label or document completed by the supplier of the consignment containing—
 - (i) the supplier's name;
 - (ii) all of the information contained in the OECD Certificate of Provenance or OECD Certificate of Identity; and
 - (iii) in relation to any seed lot which is accompanied by an OECD Certificate of Provenance or an OECD Certificate of Identity, the information specified in paragraph 2D.
- 2C.** Where the permitted material is accompanied by an OECD Certificate of Provenance or OECD Certificate of Identity, or a label or document referred to in paragraph 2B(d), an OECD label must be attached to each seed lot and to each consignment of planting stock.
- 2D.** The OECD label attached to the seed lot and any supplier's document accompanying the seed lot must contain the following additional information in relation to the seed lot assessed, so far as is practicable in all the circumstances, using internationally accepted techniques—
- (a) the percentage by weight of pure seed, other seed and inert matter;
 - (b) the germination percentage of pure seed or, where it is impossible or impracticable to assess the germination percentage, the viability percentage assessed by reference to a method which must be described;
 - (c) the weight of 1000 pure seeds;

- (d) the number of germinable seeds per kilogram of the seed, or where it is impossible or impracticable to assess the number of germinable seeds, the number of viable seeds per kilogram;
- (e) in the case of a seed lot of closely related species which does not reach a minimum species purity of 99%, the species purity.

2E. But the OECD label and supplier's document may omit the following information—

- (a) any information mentioned in paragraph 2D(a) to (e) which is yet to be ascertained by testing the seed using internationally accepted techniques;
- (b) in the case of a seed lot containing seed which has been harvested from the current season's crop, any information mentioned in paragraph 2D(b) or (d) which is not yet available;
- (c) in the case of seed which is to be marketed in quantities no greater than those specified for the species or artificial hybrid of the seed in Schedule 11, the information mentioned in paragraph 2D(b) or (d).

2F. All seed must be consigned in sealed packages.”

(g) in the case of any relevant material which is destined for a pest free area specified in column 4 of Part C of the list of prohibited infested material,

any relevant material of a description specified in the corresponding entry in column 2 of Part C of that list which is carrying or infested with a tree pest of a description specified in the corresponding entry in column 3;

- (h) in the case of any relevant material which is destined for a pest free area specified in column 4 of Part C of the list of regulated material, any relevant material of a description specified in the corresponding entry in column 2 of that Part, unless the requirements specified in the corresponding entries in respect of that relevant material in column 3 are complied with.”;

- (c) omit paragraphs (1) and (1A);
(d) in paragraph (2), after “paragraph” insert “(A1)(d) or”;
(e) after paragraph (2) insert—

“(3) The prohibitions in paragraph (A1)(b) to (h) do not apply to relevant material which enters a point of entry that is located in another UK territory and is discharged in that territory in accordance with article 11 of the NI (Wood and Bark) Order or article 12 of any other relevant Plant Health Order.”

10. In article 6—

- (a) in the heading, for “landing” substitute “arrival”;
(b) at the beginning insert—
“(A1) No person may bring any notifiable relevant material into a point of entry that is located in Wales, unless notice is given in accordance with this article.”;
(c) omit paragraphs (1) and (2);
(d) in paragraph (3)—
(i) in the words before sub-paragraph (a), after “paragraph” insert “(A1) or”;
(ii) in the words after sub-paragraph (b), for “the relevant material is landed” substitute “its arrival”;
(e) in paragraph (4), after “paragraph” insert “(A1) or”;
(f) in paragraph (5)—
(i) after “paragraph”, in the first place it occurs, insert “(A1) or”;
(ii) for “landing” substitute “arrival”.

11. After article 6 insert—

“EU transit material: Wales

6.—(1) No person may bring any EU transit material into a RoRo port that is located in Wales, unless that material is destined for a single approved place of inspection.

(2) Paragraph (1) is subject to article 8(A1).

(3) In this article, “RoRo port” means—

- (a) a RoRo listed location within the meaning of regulation 130 of the Customs (Import Duty) (EU Exit) Regulations 2018(18); or
(b) if a notice has not been published pursuant to regulation 130(1) of those Regulations, a point of entry that—
(i) predominantly services roll-on/roll-off ferries operating between Wales and a member State; and

(ii) is listed in a notice published by the Welsh Ministers from time to time.”

12. In article 7—

(a) at the beginning insert—

“(A1) Subject to article 8 and to paragraph (6), no person may bring any notifiable relevant material into a point of entry that is located in Wales unless the material is accompanied by one of following certificates which certifies that the material meets the prescribed requirements—

(a) a phytosanitary certificate issued in the country in which that material originates or in the country from which it was consigned;

(b) where paragraph (2) applies, by a phytosanitary certificate for re-export.”;

(b) omit paragraph (1);

(c) omit paragraph (4);

(d) in paragraph (6)—

(i) in the words before sub-paragraph (a), for “paragraph (1) does” substitute “paragraph (A1) and paragraph (1) do”;

(ii) in sub-paragraph (a), for “landed in” substitute “brought into”;

(iii) in sub-paragraph (b)—

(aa) for “landed in” substitute “brought into”;

(bb) for “European Union” substitute “United Kingdom”;

(e) omit paragraph (7).

13. In article 8—

(a) at the beginning insert—

“(A1) The provisions referred to in paragraph (A2) do not apply to—

(a) any tree or wood described in paragraph (2) originating in any third country, other than the European Union or Switzerland, which is brought into England in the baggage of a passenger or other traveller coming from any such third country and meets the conditions in paragraph (A3); or

(b) any small quantity of relevant material originating in the European Union or Switzerland which is brought into England in the baggage of a passenger or other traveller coming from the European Union or Switzerland and meets the conditions in paragraph (A3).

(A2) The provisions are—

(a) article 5(A1)(e) and (h);

(b) article 6(A1);

(c) article 6A(1);

(d) article 7(A1);

(e) article 10A;

(f) article 12A.

(A3) The conditions are that the relevant material—

(a) does not show any signs of the presence of a tree pest;

(b) is not intended for use in the course of a trade or business;

(c) is intended for household use; and

- (d) in the case of any tree or wood originating in a third country, other than the European Union or Switzerland, has been grown in or consigned from the Euro-Mediterranean area.”;
 - (b) omit paragraph (1);
 - (c) in paragraph (2), in the words before sub-paragraph (a), after “to in” insert “paragraph (A1) or”.
14. In article 9—
- (a) at the beginning insert—
 - “(A1) The following documents must be delivered to an inspector by the importer of a consignment of notifiable relevant material within three days of the date of its arrival in Wales—
 - (a) any phytosanitary certificate or phytosanitary certificate for re-export which is required under article 7(A1) to accompany the consignment of notifiable relevant material; and
 - (b) in the case of notified EU material, the trade documents which accompany the consignment.
 - (B1) The importer of a consignment of notifiable relevant material must include in a customs document relating to the consignment—
 - (a) a statement that “this consignment contains produce of phytosanitary relevance”;
 - (b) the reference number of the phytosanitary certificate or phytosanitary certificate for re-export which is required under article 7(A1) to accompany the consignment; and
 - (c) the registration number of the importer.”;
 - (b) omit paragraphs (1) and (2);
 - (c) after paragraph (3) insert—
 - “(4) Paragraph (A1) does not apply to any notifiable relevant material which is in the course of its consignment to an approved place of inspection in another UK territory.
 - (5) In paragraph (B1), “customs document” means a document required by the Commissioners for Her Majesty’s Revenue and Customs for placing relevant material under a Customs procedure within the meaning of section 3(3) of the Taxation (Cross-border Trade) Act 2018(19).”.

15. Omit article 10.

16. After article 10 insert—

“Prohibitions applying to notifiable relevant material on entry: Wales

10A.—(1) This article applies to notifiable relevant material, other than notified EU material, which is brought into a point of entry that is located in Wales.

(2) No person may move any notifiable relevant material or cause any notifiable relevant material to be moved from its point of entry unless the material is being moved to a designated area of plant health control or an approved place of inspection.

(3) No person may remove or cause any notifiable relevant material to be removed from its point of entry, or where the material is moved to a designated area of plant health control

or an approved place of inspection in Wales, the designated area of plant health control or approved place of inspection, unless an inspector has discharged the material under article 12 or the removal of the material is permitted under Part 6.

(4) Any notifiable relevant material which is being held at a point of entry or a designated area of plant health control under paragraph (3) must be stored by the importer under the supervision and in accordance with the instructions of an inspector.

(5) The importer is liable for the costs of storing the notifiable relevant material pending its release.”.

17. In article 11—

- (a) in the words before paragraph (a), after “article 10(1)” insert “and the prohibition imposed by article 10A(3)”;
- (b) in paragraph (c), for “European Union”, substitute “United Kingdom”.

18. In article 12—

- (a) at the beginning insert—

“(A1) Paragraph (B1) applies to any notifiable relevant material, other than notified EU material, which is brought into a point of entry that it is located in Wales and is not in the course of its consignment to an approved place of inspection in another UK territory.

(B1) An inspector may discharge notifiable relevant material from its point of entry, designated area of plant health control or approved place of inspection in Wales if the inspector is satisfied that—

- (a) the material meets the prescribed requirements;
- (b) the relevant material corresponds with the description given to it in the phytosanitary certificate or phytosanitary certificate for re-export which accompanied the material on entry; and
- (c) the relevant material is accompanied by the correct phytosanitary certificate.”;

- (b) omit paragraphs (1) and (2);

- (c) in paragraph (3), after “the matters” insert “in paragraph (B1)(a)”;

- (d) omit paragraph (4);

- (e) after paragraph (4) insert—

“(4A) An inspector may, for the purpose of being satisfied as to matters in paragraph (B1)(b), carry out an examination of a consignment of relevant material to determine whether it corresponds to its description in the documents that accompany it.”;

- (f) omit paragraphs (5) and (6);

- (g) in paragraph (7)—

- (i) in the words before sub-paragraph (a), after “referred to” insert “in paragraph (B1)(c) or”;

- (ii) in sub-paragraph (a), after “article” insert “9(A1) or”;

- (iii) omit sub-paragraph (b) and the preceding “; and”;

- (h) in paragraph (8)—

- (i) for “a plant health check” substitute “an examination under paragraph (3)”;

- (ii) for “checks” substitute “examination”.

19. After article 12 insert—

“Requirements applicable to notified EU material: Wales

12A.—(1) This article applies to notified EU material which is brought into a point of entry that is located in Wales.

(2) An inspector must carry out an examination of—

(a) the phytosanitary certificate or phytosanitary certificate for re-export accompanying a consignment of notified EU material to confirm that the consignment is accompanied by the correct phytosanitary certificate; and

(b) the trade documents that accompany the consignment to confirm that those documents correspond to the description of the relevant material in the phytosanitary certificate or phytosanitary certificate for re-export.”

20. In article 14(1), for the words from “under” to the end substitute “subject to the control of an officer of Revenue and Customs within the meaning of Schedule 1 to the Taxation (Cross-border Trade) Act 2018”.

21. In article 15—

(a) omit paragraph (2);

(b) in paragraph (3)—

(i) in sub-paragraph (a), omit “the responsible official body or”;

(ii) in sub-paragraph (b), for “one of the official languages of the European Union” substitute “English or Welsh”;

(iii) omit sub-paragraph (c);

(iv) in sub-paragraph (d), for “Plant Protection Organisations of the Member States of the European Union”, substitute “the Plant Protection Organisation of the United Kingdom”;

(c) omit paragraph (4);

(d) after paragraph (4) insert—

“(4A) Where in relation to any relevant material of a description specified in column 2 of Part A, C or D of the list of regulated material, more than one set of entry requirements is specified in the corresponding entry in column 3 of Part A, C or D of that list, the phytosanitary certificate or phytosanitary certificate for re-export issued in respect of any relevant material of that description must specify under the heading “Additional declaration” which particular requirement has been complied with.”

22. Omit article 16.

23. After article 16 insert—

“Requirements to be met by relevant material destined for an approved place of inspection: Wales

16A.—(1) This article applies to notifiable relevant material, other than notified EU material, which is destined for an approved place of inspection.

(2) Any relevant material to which this article applies may not be moved within Wales unless—

- (a) it is accompanied by a copy of the phytosanitary certificate or phytosanitary certificate for re-export which accompanied the material on its entry into the United Kingdom;
- (b) its packaging and the vehicle in which it is transported is sealed in such a way that there is no risk of the relevant material causing infestation, infection or contamination or a change occurring in the identity of the material or, where the material is destined for an approved place of inspection in Wales, its movement has been otherwise authorised by the Welsh Ministers.

(3) The importer of any relevant material which is destined for an approved place of inspection in Wales must give the Welsh Ministers notice of the following particulars no later than three working days before the material is brought into the United Kingdom—

- (a) the name, address and location of the approved place of inspection to which the relevant material is destined;
- (b) the scheduled date and time of arrival of the relevant material at the approved place of inspection;
- (c) the name, address and registration number of the importer;
- (d) the reference number of the phytosanitary certificate or phytosanitary certificate for re-export required under article 7 to accompany the relevant material.

(4) The importer must notify the Welsh Ministers immediately of any changes to the particulars which the importer has given under paragraph (3).

(5) The notice must be given to the Welsh Ministers at the address given by the Welsh Ministers for the purposes of this article.”

24. Omit article 17.

25. After article 17 insert—

“Approved places of inspection: Wales

17A.—(1) The Welsh Ministers may approve premises which are not located at a point of entry or are not part of a designated area of plant health control as a place at which appropriate checks may be carried out by an inspector in respect of notifiable relevant material, other than notified EU material.

(2) An application for approval under paragraph (1) may be made to the Welsh Ministers by an importer or other person responsible for those premises in such form and containing such information as the Welsh Ministers may specify.

(3) An approval may be granted subject to conditions, including conditions relating to the storage of the relevant material and may be withdrawn at any time if the Welsh Ministers no longer consider that the premises to which the approval relates are suitable for the purpose for which the approval was given.

(4) The Welsh Ministers may only approve premises as an approved place of inspection in respect of notifiable relevant material, other than EU transit material, if the premises have been designated or approved by the Commissioners for Her Majesty’s Revenue and Customs for that purpose.

(5) In the case of any other premises, the Welsh Ministers may only approve those premises as an approved place of inspection for the purpose of carrying out appropriate checks in respect of EU transit material.

(6) In this article, “appropriate checks”, in relation to a consignment of notifiable relevant material, means—

- (a) an examination of the phytosanitary certificate or phytosanitary certificate for re-export accompanying the consignment to determine whether it is the correct phytosanitary certificate;
- (b) an examination of the consignment to determine whether it corresponds to its description in the trade documents that accompany it;
- (c) an examination of the consignment and its packaging, and where necessary, the vehicle transporting the consignment to determine whether it meets the prescribed requirements.”

26. In Part 3, in the heading, omit “Community”.

27. Omit articles 18 and 19.

28. After article 19 insert—

“Prevention of the spread of tree pests: Wales

19A.—(1) This article applies to Wales.

(2) No person may knowingly keep, store, sell, plant or move or knowingly cause or permit to be kept, stored, planted, sold or moved—

- (a) any tree pest of a description specified in Part A, B or D of the list of prohibited plant pests;
- (b) any relevant material of a description specified in column 2 of Part A, B or D of the list of prohibited infested material which is carrying or infected with a plant pest of a description specified in the corresponding entry in column 3;
- (c) any tree pest which, although not specified in Part A, B or D of the list of prohibited plant pests, or in column 3 of Part A, B or D of the list of prohibited infested material, is not normally present in Great Britain and which is likely to be injurious to trees in Great Britain;
- (d) any relevant material of a description specified in column 2 of Part E of the list of regulated material which originates in the United Kingdom or a CD territory unless the requirements specified in the corresponding entries in respect of that description of relevant material in column 3 are complied with;
- (e) any relevant material originating in a third country which is brought into Wales in contravention of article 5(A1)(d) or (e).

(3) No person may knowingly keep, store, plant, sell or move within a pest free area or knowingly cause or permit to be kept, stored, planted, sold or moved within such an area—

- (a) any tree pest of a description specified in column 2 of Part C of the list of prohibited plant pests which relates to the pest free area;
- (b) in the case of any pest free area which is, or is included in, a UK pest free area specified in column 4 of Part C of the list of prohibited infested material, any relevant material of a description specified in the corresponding entry in column 2 of that Part which is carrying or infested with a tree pest of a description specified in the corresponding entry in column 3;
- (c) any relevant material originating in a third country which is brought into a pest free area in contravention of article 5(A1)(h);
- (d) in the case of any pest free area which is, or is included in, a UK pest free area specified in column 4 of Part C of the list of regulated material, any relevant material of a description specified in the corresponding entry in column 2 of that Part which originates in the United Kingdom or a CD territory, unless the

requirements specified in the corresponding entries in respect of that relevant material in column 3 are complied with.

(4) The prohibitions in paragraphs (2) and (3) do not apply to any tree pest or relevant material which is required to be kept, stored or moved in compliance with a requirement imposed by an inspector under Part 6 or 7.

(5) In this article, “move” means “move or otherwise dispose of”, and “moved” is to be construed accordingly.”

29. Omit article 20.

30. After article 20 insert—

“Requirements for UK plant passports: Wales

20A.—(1) No person may move any of the following relevant material into or within Wales unless it is accompanied by a UK plant passport—

- (a) any relevant material of a description specified in the list of controlled material which originates in the United Kingdom or a CD territory;
- (b) any relevant material that has been discharged by the Commissioners under article 12(1) or by another appropriate UK plant health authority in an equivalent manner;
- (c) in the case of any notifiable relevant material originating in the European Union or Switzerland which was brought into a point of entry in the United Kingdom, any relevant material specified in the list of controlled material which originates in the European Union or Switzerland and was notified to the Commissioners in accordance with article 6(1), or to the appropriate UK plant health authority in accordance with equivalent requirements under the relevant Plant Health Order.

(2) No person may move any of the following relevant material into or within a pest free area unless it is accompanied by a UK plant passport which is valid for that pest free area or the UK pest free area of which it is a part—

- (a) any relevant material of a description, specified in the list of pest free area controlled material in respect of the relevant UK pest free area, which originates in the United Kingdom or a CD territory;
- (b) any relevant material of a description specified in the list of pest free area controlled material in respect of the relevant UK pest free area that has been discharged by the Commissioners under article 12(1) or by another appropriate UK plant health authority in an equivalent manner;
- (c) in the case of any notifiable relevant material originating in the European Union or Switzerland which was brought into a point of entry in the United Kingdom, any relevant material specified in the list of pest free area controlled material in respect of the relevant UK pest free area which—
 - (i) originates in the European Union or Switzerland; and
 - (ii) was notified to the Commissioners in accordance with article 6(1), or to the appropriate UK plant health authority in accordance with equivalent requirements under the relevant Plant Health Order

(3) No person may consign from Wales to another UK territory or a CD territory any of the following relevant material originating in Wales unless it is accompanied by a UK plant passport—

- (a) in the case of relevant material destined for Northern Ireland or England, any relevant material of a description specified in the list of controlled material;

- (b) in the case of relevant material destined for a place in Northern Ireland or England which is within a UK pest free area, any relevant material of a description, specified in the list of pest free area controlled material in respect of that UK pest free area;
- (c) in the case of relevant material destined for Scotland, any relevant material of a description specified in Part A of Schedule 6 to the Plant Health (Forestry) Order 2005;
- (d) in the case of relevant material destined for a place in Scotland which is within a UK pest free area, any relevant material of a description specified in Part B of Schedule 6 to the Plant Health (Forestry) Order 2005 in respect of that UK pest free area;
- (e) in the case of relevant material destined for a CD territory, any relevant material of a description specified for the purposes of this paragraph in the applicable plant health legislation of that CD territory.

(4) In the case of any relevant material originating in a place of production in Wales, a UK plant passport may only be issued in respect of that material if the material has been subjected to a satisfactory inspection at the place of production.

(5) The requirements in paragraphs (1)(b) and (2)(b) do not apply to any notified EU material moving from its point of entry to its first destination in the United Kingdom if it is accompanied by a copy of the phytosanitary certificate or phytosanitary certificate for re-export which accompanied the material on its entry into the United Kingdom.

(6) In paragraphs (1) and (2), “relevant Plant Health Order” has the same meaning as in Part 2 (see article 3).”

31. In article 21—

- (a) in paragraph (1)—
 - (i) omit “prohibitions on landing in article 18(1)(e), (f) and (g) and (3) and the”;

“SCHEDULE 13A

Article 39(A1), (B1), (7)(aa)

Licences for trial or scientific purposes or for work on varietal selections

1. In this Schedule, “specified activity” means any activity for trial or scientific purposes or for work on varietal selections.

PART A

Information to be included in an application for a scientific licence

- 2.** The name and address of the person responsible for the proposed specified activity.
- 3.** The following details in relation to the relevant material and plant pests to be used in the specified activity—
 - (a) their scientific name or names;
 - (b) the type of relevant material;
 - (c) the quantity of relevant material;
 - (d) the place of origin of the relevant material;
 - (e) the place at which the relevant material is to be first stored or planted after its official release (where relevant);
 - (f) the proposed method of destruction or treatment of the relevant material on completion of the specified activity (where relevant);

- (g) in the case of any relevant material or plant pest which is to be imported from a third country, its proposed point of entry into the United Kingdom.
- 4. In the case of any relevant material to be used in the specified activity, appropriate documentary evidence to confirm its place of origin.
- 5. The duration, nature and objectives of the proposed specified activity, including a summary and a specification of the work to be conducted.
- 6. The address and description of the specific site or sites at which the proposed specified activity is to be carried out.

PART B

General conditions to be met in relation to an application for a scientific licence

- 7. The nature and objectives of the specified activity comply with the concept of trial or scientific purposes or for work on varietal selections.
- 8. The premises and the facilities at the site or sites at which the specified activity is to be carried out meet any conditions relating to their quarantine.
- 9. The personnel carrying out the specified activity have appropriate scientific and technical qualifications.

PART C

Licence conditions relating to any plant pest or relevant material to be used in a specified activity

- 10. For the purposes of article 39(B1)(a), the conditions are that—
 - (a) in the case of any relevant material, the material is accompanied on its entry into the United Kingdom by a letter of authority which has been issued by the relevant national plant protection organisation on the basis of appropriate documentary evidence as regards the place of origin of the material;
 - (b) in the case of any relevant material of a description specified in Schedule 5 to the Plant Health Regulations, the material is, wherever possible, accompanied on its entry into the United Kingdom, by a phytosanitary certificate issued in the country of origin which—
 - (i) confirms that the material is free from any regulated plant pest, other than any plant pest whose importation is authorised by the licence;
 - (ii) includes the statement under the heading “Additional declaration”, “This material is imported under article 39 of the Plant Health (Forestry) Order 2005”; and
 - (iii) includes the name of any authorised plant pest; and
 - (c) the relevant material is held under quarantine containment conditions and on arrival is directly and immediately moved to the site or sites specified in the licence.

PART D

Licence quarantine measures

- 11. The licence quarantine measures are—

- (a) in the case of the premises, facilities and working procedures which relate to the specified activity:
 - (i) the physical isolation of any plant pests or relevant material being used in the specified activity from all other plant pest and relevant material, including control of vegetation in surrounding areas, where appropriate;
 - (ii) the designation of a contact person responsible for the specified activity;
 - (iii) the implementation of restrictions on access to the premises and facilities being used in relation to the specified activity and, where appropriate, to the area surrounding those premises and facilities, to named personnel only;
 - (iv) the appropriate identification of the premises and facilities being used, indicating the type of activities and the personnel responsible;
 - (v) the maintenance of a register of the activities performed and a manual of operating procedures, including procedures in the event of escape of plant pests from containment;
 - (vi) the maintenance of appropriate security and alarm systems; and
 - (vii) the implementation of—
 - (aa) appropriate control measures to prevent the introduction into and the spread of plant pests within the premises being used;
 - (bb) controlled procedures for sampling, and for transfer of any relevant material between premises and facilities being used;
 - (cc) controls for the disposal of waste, soil and water, as appropriate;
 - (dd) appropriate hygiene and disinfection procedures and facilities for personnel, structures and equipment;
 - (ee) appropriate measures and facilities for disposal of experimental material;
 - (ff) appropriate indexing (including testing) facilities and procedures; and
- (b) other appropriate quarantine measures according to the specific biology and epidemiology of the type of material involved and the activities approved, including—
 - (i) the maintenance of facilities accessible to authorised personnel via a separate room with two interlocking doors;
 - (ii) the maintenance of facilities under negative air pressure,
 - (iii) the use of escape-proof containers with appropriate mesh size and other barriers;
 - (iv) the maintenance of the material in isolation from other plant pests and material;
 - (v) the maintenance of any material for breeding in breeding cages with manipulation devices;
 - (vi) the prohibition on any interbreeding of the plant pest with indigenous strains or species;
 - (vii) the implementation of controls on the continuous culture of the plant pest;
 - (viii) the maintenance of the plant pest under conditions that strictly control the multiplication of the plant pest;
 - (ix) the implementation of procedures to check the purity of cultures of the plant pest for freedom from parasites and other plant pests;
 - (x) the implementation of appropriate control programmes for the material to eliminate possible vectors;

- (xi) in the case of *in vitro* activities, the implementation of controls on the handling of the material under sterile conditions;
- (xii) the maintenance of the plant pest in conditions to ensure that it cannot spread via any vector; and
- (xiii) the seasonal isolation of the material to ensure that the activities are done during periods of low plant health risk.”

PART 4

Amendment of the Plant Health (Fees) (Forestry) (Wales) Regulations 2019

57.—(1) The Plant Health (Fees) (Forestry) (Wales) Regulations 2019(20) are amended as follows.

(2) In regulation 2(1)—

(a) for the definition of “controlled consignment” substitute—

““controlled consignment” (*“llwyth a reolir”*) means a consignment which includes, or which an inspector considers includes—

- (a) isolated bark of a description specified in Schedule 5 to the Plant Health (EU Exit) Regulations 2019;
- (b) wood of a description specified in that Schedule, other than wood packaging material which is actually in use in the transport of all kinds of objects;”;

(b) omit the definition of “the Directive”;

(c) for the definition of “documentary check” substitute—

““documentary check” (*“gwiriad dogfenol”*) means an examination for the purposes of article 12(B1)(c) or 12A(2)(a) of the Order;”;

(d) for the definition of “identity check” substitute—

““identity check” (*“gwiriad adnabod”*) means an examination for the purposes of article 12(B1)(b) or 12A(2)(b) of the Order;”;

(e) for the definition of “plant health check”, substitute—

““plant health check” (*“gwiriad iechyd planhigion”*) means an examination for the purposes of article 12(B1)(a) of the Order;”;

(f) in the definition of “plant passport authority”, after “issue” insert “UK”.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations are made in exercise of the powers in section 8(1) of, and Schedule 2 to, the European Union (Withdrawal) (Act) 2018 (c. 16) in order to address failures of retained EU law to operate effectively and other deficiencies arising from the withdrawal of the United Kingdom from the European Union.

These Regulations make amendments to the Forest Reproductive (Great Britain) Regulations 2002, the Plant Health (Forestry) Order 2005 and the Plant Health (Fees) (Forestry) (Wales) Regulations 2019.

The Welsh Ministers' Code of Practice on the carrying out of regulatory impact assessments was considered in relation to these Regulations. As a result, it was not considered necessary to carry out a regulatory impact assessment as to the likely costs and benefits of complying with these Regulations.
