- (4) For Part 1 of the Schedule substitute—

“PART 1

The required information to be given in accordance with Regulation 4(1) to (3) is:

“ESSENTIAL INFORMATION TO ENTER THE UK

The United Kingdom is taking steps to help stop the spread of COVID-19.

1) All persons (including UK nationals and residents) arriving in the UK from outside the common travel area must provide proof of a negative COVID-19 test taken within 3 days of departure to the UK. For further information please visit: <https://www.nidirect.gov.uk/articles/coronavirus-covid-19-taking-coronavirus-test-travelling-northern-ireland>.

2) To protect your health and others’, everyone must complete an online passenger locator form before arrival in the United Kingdom.

3) All arrivals must self-isolate for 10 days unless exempt. Check the list of exempt countries immediately before travel.

4) It is a legal requirement that you wear a face covering on public transport in the UK.

Failure to comply with these measures is a criminal offence and you could be fined. Please visit www.gov.uk/uk-border-control for detailed public health advice and requirements for entering the UK.”.

Amendment of the International Travel Regulations

- 3.—(1) The International Travel Regulations are amended as follows.
- (2) In regulation 7 (fixed penalty notices)—
 - (a) in paragraph (6)—

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Health Protection (Coronavirus, Public Health Advice for Persons Travelling to Northern Ireland) (No. 2) Regulations (Northern Ireland) 2020 ([S.R. 2020 No. 215](#)) (“the Passenger Advice Regulations”) so that operators of commercial transport services from outside the common travel area to Northern Ireland are required to provide information to passengers about the requirement to possess notification of a negative coronavirus test result.

These Regulations also amend the Health Protection (Coronavirus, International Travel) Regulations (Northern Ireland) 2020 ([S.R. 2020 No. 90](#)) (“the International Travel Regulations”) to:

- (a) reduce the amount of passenger information that people travelling to Northern Ireland are required to provide on the Passenger Locator Form in order to comply with the requirement in regulation 3 of the International Travel Regulations;
- (b) update the air crew exemption from the requirement to possess notification of a negative coronavirus test result to ensure that crew who perform duties onboard aircraft in the interests of the safety of the aircraft, such as loadmasters, are exempt;
- (c) include Burundi, Rwanda and United Arab Emirates in the list of countries and territories in Schedule 5 to the International Travel Regulations subject to additional measures.

Further, these Regulations amend the Health Protection (Coronavirus, International Travel, Pre-Departure Testing and Operator Liability) (Amendment) Regulations (Northern Ireland) 2021 ([S.R. 2021 No. 10](#)) so that operators are not required to ensure that a notification of a negative coronavirus test result is from a “qualifying test”, i.e. a test which meets the standards specified in paragraph 1 of Schedule 2A to the International Travel Regulations. Operators are required to check that passengers possess a notification of a coronavirus test which includes specified information, while liability for ensuring the result was from a qualifying test falls on the passenger.

No impact assessment has been prepared for these Regulations.
