- (a) contain the names and addresses of the nominated candidates as shown on the respective nomination papers (arranged alphabetically by surname);
 - (b) have a unique number (being a number, letters, a combination of letters and numbers or other identifying mark) printed on the back; and
 - (c) contain an official mark.
- (3) The official mark must be kept secret (and must not be the same as the official mark used at a Health Board election held in the same Health Board area at any time during the previous 5 years).
- (4) If a candidate’s nomination paper states that the candidate has a commonly used forename or surname, the commonly used name (instead of any other name) must appear on the ballot paper.

Marking of lists when voting packs sent

- 23.**—(1) The returning officer must first send voting packs to every voter in the officer’s extract of the absent voters list and must—
- (a) mark the unique number of the ballot paper contained in the voting pack sent to a voter against the entry corresponding to that voter in that extract; and
 - (b) mark with the letter “A” each entry corresponding to an absent voter in the officer’s extracts of the register of local government electors so as to denote—
 - (i) that the voter is an absent voter; and
 - (ii) that a voting pack has been sent to the voter’s alternative address.

(22) 2000 c.26.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(2) The returning officer must then send a voting pack to every voter in the officer's extract of the register of local government electors (other than those marked "A") and must mark the unique number of the ballot paper contained in the voting pack sent to a voter against the entry corresponding to that voter in that extract.

(3) If the returning officer is satisfied that 2 or more entries in the absent voters list or the register of local government electors relate to the same voter, the officer must not issue more than one voting pack to that voter.

Notice of sending of voting packs

24.—(1) The returning officer must give each candidate at least 48 hours' notice of the time and place at which the officer will send voting packs to voters.

(2) If the returning officer subsequently requires to send more voting packs to voters, the officer must, as soon as is reasonably practicable, notify each candidate of the time and place at which this will occur.

Voter without ballot paper

25.—(1) A voter who has not received a voting pack by the day falling 7 days before the day on which the poll closes may apply to the returning officer for a replacement voting pack.

(2) Such an application—

- (a) may be made in writing or in person; and
- (b) must include evidence of the voter's identity.

(3) The returning officer must issue a replacement voting pack only if—

- (a) the application is made at least 24 hours before the poll closes; and
- (b) the officer—
 - (i) is satisfied as to the voter's identity; and
 - (ii) has no reason to doubt that the voter did not receive the original voting pack.

(4) The returning officer must keep a list containing—

- (a) the name and address of each voter to whom a replacement voting pack is issued; and
- (b) the number of the ballot paper contained in missing voting pack and of its replacement in respect of each such voter.

(5) Rules 21 and 22 apply to replacement voting packs as they apply to any voting pack (although a returning officer may hand a replacement voting pack to a voter in person).

PART 7

CASTING OF VOTES

Casting of votes

26. A voter casts a vote in a Health Board election by delivering a completed ballot paper to the returning officer at the address specified for that purpose in the voting pack.

Ballot papers received late

27. A ballot paper received by the returning officer after the poll closes is not to be counted unless the returning officer considers it reasonable to do so.

Prohibition of disclosure of vote

28. No voter may be required to state for whom the voter cast a vote in any legal proceedings.

Notification of requirement of secrecy

29. Every person attending proceedings in connection with the sending of voting packs or the receipt of ballot papers must maintain and aid in maintaining the secrecy of the voting and must not, except for some purpose authorised by law—

- (a) communicate, before the poll closes, to any person any information obtained at those proceedings as to the official mark; and
- (b) communicate, at any time, to any person any information obtained at those proceedings as to the number on the back of any ballot paper.

Spoilt ballot papers and covering envelopes

30.—(1) If a voter inadvertently does something to the voter’s ballot paper so that it cannot be used as such (a “spoilt ballot paper”), the voter may return (by hand or by post) the spoilt ballot paper and the covering envelope to the returning officer.

(2) If a voter inadvertently does something to the voter’s covering envelope so that it cannot be used as such (a “spoilt covering envelope”), the voter may return (by hand or by post) the spoilt covering envelope to the returning officer.

(3) On receipt of a spoilt ballot paper and covering envelope or spoilt covering envelope, the returning officer must send (or give by hand) another voting pack or, as the case may be, covering envelope, to the voter unless the returning officer considers it is too late for a ballot paper to be returned before the poll closes.

(4) If the returning officer sends or gives a voter another voting pack in accordance with this rule, the officer must mark the unique number of the ballot paper contained in the voting pack against the entry corresponding to that voter in the officer’s extract of the register of local government electors.

PART 8

THE COUNT

Ballot boxes

31.—(1) The returning officer must provide one or more ballot boxes for the receipt of ballot papers.

(2) Every ballot box must be marked with—

- (a) the words “ballot papers”; and
- (b) the name of the Health Board for which the Health Board election is held.

(3) Every covering envelope received by the returning officer before the poll closes is to be placed in a ballot box (other than those returned under rule 30).

(4) The returning officer must make provision for the safe custody of every ballot box.

(5) Every ballot box must be opened at the count.

The count

32.—(1) The returning officer must—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) make arrangements for the counting of votes (known as “the count”) as soon as practicable after the poll closes; and
 - (b) give written notice to the counting agents of the time and place at which the count will occur.
- (2) The returning officer must so far as practicable proceed continuously with the count allowing only time for refreshment.
- (3) But the returning officer may, with the agreement of the counting agents, exclude any hours between 7 p.m. in the evening and 9 a.m. on the following morning.

Electronic counting

33.—(1) In these rules “electronic counting system” means such computer hardware and software, other equipment, data and services as is necessary in order to—

- (a) read electronically the votes marked and the unique number printed on each ballot paper;
- (b) calculate the number of votes cast for each candidate at the Health Board election; and
- (c) ensure the retention of a record of the votes cast for each candidate, without identifying the voters who cast those votes.

(2) The returning officer must conduct the count by means of an electronic counting system (and may do anything in connection with the count by electronic means in order to enable the count to be so conducted).

But if it is impossible or impracticable to conduct the count, or any part of it, using the electronic counting system, the returning officer may make arrangements for the count, or any part of it, to be conducted by other means.

(3) References in rules 38 to 43 to ballot papers and parcels of ballot papers include references to ballot papers and parcels in electronic form.

Attendance at the count

34.—(1) Nobody may attend the count other than—

- (a) the returning officer and the officer’s staff;
- (b) the candidates and their partners; and
- (c) the counting agents,

but the returning officer may permit other persons to attend the count if the officer is satisfied that doing so would not impede the efficient counting of the votes.

(2) The returning officer must give the counting agents such reasonable facilities for overseeing the count, and such information about the count, as the officer can give consistently with the orderly conduct of the proceedings and the performance of the officer’s duties.

Opening of ballot boxes and covering envelopes

35.—(1) The count is begun by the returning officer opening each ballot box.

(2) The returning officer must then—

- (a) count and note the number of covering envelopes; and
- (b) open each covering envelope separately.

(3) If a covering envelope does not contain a ballot paper the returning officer must—

- (a) mark the covering envelope with the word “rejected”;

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (b) attach to it the contents (if any) of the envelope; and
 - (c) place the envelope in a separate receptacle (the “rejected votes box”).
- (4) If a covering envelope does contain a ballot paper, the returning officer must place it in a different receptacle from the rejected votes box.

Counting of ballot papers

36. The returning officer must count all the ballot papers which have been removed from the covering envelopes and record the number counted.

Rejected ballot papers

- 37.**—(1) A ballot paper is void and not to be counted if—
- (a) it does not bear a unique number in a form capable of being read by electronic means;
 - (b) the figure “1” is not placed on it in a manner which indicates a first preference for a candidate;
 - (c) the figure “1” is placed on it in that manner in respect of more than one candidate;
 - (d) anything is written or marked on it by which the voter can be identified (except for the unique number printed on the back); or
 - (e) it is unmarked or void for uncertainty.
- (2) But a ballot paper on which the vote is marked—
- (a) elsewhere than in the proper place;
 - (b) otherwise than by means of a figure indicating a first or subsequent preference; or
 - (c) by more than one mark,

is not void and must be counted if, in the opinion of the returning officer, the word or mark clearly indicates a preference or preferences and the way the paper is marked does not itself identify the voter or allow the voter to be identified.

(3) The returning officer must mark the word “rejected” on any ballot paper which is not to be counted and place the paper in the rejected votes box.

(4) A counting agent may object to the returning officer’s decision not to count a ballot paper.

(5) If such an objection is made, the returning officer must mark the words “rejection objected to” on the ballot paper to which the objection relates.

- (6) The returning officer must prepare a statement showing—
- (a) the number of ballot papers which are not to be counted by virtue of each of sub-paragraphs (a) to (e) of paragraph (1); and
 - (b) the number of covering envelopes placed in the rejected votes box by virtue of rule 35(3).

First stage

38.—(1) The returning officer must sort the valid ballot papers into parcels according to the candidates for whom first preference votes are given.

- (2) The returning officer must then—
- (a) count the number of ballot papers in each parcel;
 - (b) credit the candidate receiving the first preference vote with one vote for each ballot paper in that candidate’s parcel; and
 - (c) record those numbers.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (3) The returning officer must also ascertain and record the total number of valid ballot papers.

The quota

39.—(1) The returning officer must divide the total number of valid ballot papers by a number exceeding by one the number of elected members to be elected in the Health Board election.

(2) The result of that division (rounding down any decimal places), increased by one, is the number of votes needed to secure the return of a candidate as an elected member (the “quota”).

Return of elected members

40.—(1) If, at any stage of the count, the number of votes for a candidate equals or exceeds the quota, the candidate is deemed to be elected.

(2) A candidate is returned as an elected member when the candidate is declared to be elected in accordance with rule 49.

Transfer of ballot papers

41.—(1) If, at the end of any stage of the count, the number of votes credited to a candidate exceeds the quota and one or more vacancies remain to be filled, the returning officer must (unless rule 45 applies) sort the ballot papers received by that candidate into further parcels so that they are grouped—

- (a) according to the next available preference given on those papers; and
- (b) if no such preference is given, as a parcel of non-transferable papers.

(2) The returning officer must—

- (a) transfer each parcel of ballot papers referred to in paragraph (1)(a) to the continuing candidate for whom the next available preference is given on those papers; and
- (b) credit the candidate with an additional number of votes calculated in accordance with paragraph (3).

(3) The vote on a ballot paper transferred under paragraph (2) has a value (the “transfer value”) calculated as follows—

A divided by B

Where—

- A = the value which is calculated by multiplying the surplus of the transferring candidate by the value of the ballot paper when received by that candidate, and
- B = the total number of votes credited to the transferring candidate.

(4) For the purposes of paragraph (3)—

“transferring candidate” means the candidate from whom the ballot paper is being transferred; and

“the value of the ballot paper” means—

- (i) for a ballot paper on which a first preference vote is given for the transferring candidate, one; and
- (ii) for any other ballot paper, the transfer value of the ballot paper when received by the transferring candidate.

Transfer of ballot papers – supplementary provisions

42.—(1) If, at the end of any stage of the count, the number of votes credited to two or more candidates exceeds the quota, the returning officer must—

- (a) first sort the ballot papers of the candidate with the highest surplus; and
- (b) then transfer the transferable papers of that candidate.

(2) If the surpluses in respect of two or more candidates are equal, the transferable ballot papers of the candidate who had the highest number of votes at the end of the most recent preceding stage at which they had unequal numbers must be transferred first.

(3) If the number of votes credited to two or more candidates were equal at all stages, the returning officer must decide, by lot, which candidate's transferable papers are to be transferred first.

Exclusion of candidates

43.—(1) If one or more vacancies remain to be filled and—

- (a) the returning officer has transferred all ballot papers which are required by rule 41 or this rule to be transferred; or
- (b) there are no ballot papers to be transferred under rule 41 or this rule,
the returning officer must (unless rule 45 applies) exclude from the election at that stage the candidate with the lowest number of votes.

(2) The returning officer must sort the ballot papers for the excluded candidate into parcels so that they are grouped—

- (a) according to the next available preference given on those papers; and
- (b) if no such preference is given, as a parcel of non-transferable papers.

(3) The returning officer must—

- (a) transfer each parcel of ballot papers referred to in paragraph (2)(a) to the continuing candidate for whom the next available preference is given on those papers; and
- (b) credit the candidate with an additional number of votes calculated in accordance with paragraph (4).

(4) The vote on a ballot paper transferred under paragraph (3) has a transfer value of one (unless the vote was transferred to the excluded candidate under rule 41 or this rule in which case it has the same transfer value as when transferred to the excluded candidate).

Exclusion of candidates – supplementary provisions

44.—(1) If, when a candidate is to be excluded under rule 43—

- (a) two or more candidates have the same number of votes; and
- (b) no other candidate has fewer votes,

the returning officer must exclude the candidate who had the lowest number of votes at the end of the most recent preceding stage at which they had unequal numbers.

(2) If the number of votes credited to those candidates was equal at all stages, the returning officer must decide, by lot, which of those candidates to exclude.

Filling of last vacancies

45. If, at any stage of the count, the number of continuing candidates is equal to the number of vacancies remaining—

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (a) the continuing candidates are deemed to be elected; and
- (b) no further transfer is to be made.

Recount

46.—(1) A candidate or a counting agent may require the returning officer to conduct a recount or further recount but only if the candidate or counting agent was present at the completion of the count or the previous recount.

(2) The returning officer may refuse to conduct a recount or further recount if the officer considers the request to conduct it is unreasonable.

(3) The candidates and counting agents present at the completion of the count or a recount must be given a reasonable opportunity to exercise the right to require a recount or further recount before any further steps are taken by the returning officer.

Decisions during the count

47. The returning officer’s decision (express or implied) on any question arising in respect of—

- (a) a ballot paper;
- (b) the exclusion of a candidate; or
- (c) the transfer of votes.

is final except to the extent that it may be reviewed on an election petition.

Counting of votes by means other than electronic counting

48.—(1) If the returning officer makes arrangements in accordance with rule 33(2) for the count (or any part of it) to be conducted other than by means of an electronic counting system, these rules apply with the following modifications.

(2) For rule 37(1)(a) substitute—

“(a) it does not bear the official mark.”.

(3) In rule 45, the existing text is treated as paragraph (1) and the following new paragraph is inserted—

“(2) If only one vacancy remains unfilled and the number of votes then credited to any one continuing candidate (the “highest continuing candidate”) is equal to or greater than the total number of votes then credited to all the other continuing candidates—

- (a) the highest continuing candidate is deemed to be elected; and
- (b) no further transfer is to be made.”.

PART 9

DECLARATION OF THE RESULT

Declaration of result of poll

49. When the count (or a recount) results in all the vacancies being filled and no recount (or further recount) is to be held, the returning officer must as soon as is reasonably practicable—

- (a) declare to be elected the candidates who have been deemed to be elected as elected members of the Health Board for which the election was held;

- (b) give notice of the names of the elected candidates to the chairman of the Health Board; and
- (c) give public notice of—
 - (i) the names of the elected candidates;
 - (ii) the number of first and subsequent preference votes for each candidate;
 - (iii) the number of ballot papers transferred and their transfer values at each stage of the count;
 - (iv) the number of votes credited to each candidate at each stage;
 - (v) the number of non-transferable ballot papers at each stage; and
 - (vi) the content of the statement prepared under rule 37(6).

Declaration of result where no poll held

50. If the returning officer makes a declaration under paragraph 6 of Schedule 1A to the 1978 Act—

- (a) the declaration must be made before 11 a.m. on the day on which it is to be made; and
- (b) the returning officer must give public notice of the details of the declaration.

PART 10

DOCUMENTS RELATING TO A HEALTH BOARD ELECTION

Sealing up of ballot papers

51.—(1) As soon as is reasonably practicable after the result of a Health Board election has been declared, the returning officer must—

- (a) seal up—
 - (i) the valid ballot papers into packets; and
 - (ii) the rejected ballot papers and the rejected covering envelopes together in one packet; and
- (b) store an electronic copy of the information stored in the electronic counting system in a suitable device.

(2) The returning officer must not open the things sealed up under paragraph (1)(a).

(3) As soon as is reasonably practicable after the electronic copy mentioned in paragraph (1)(b) has been stored, the returning officer must ensure—

- (a) that all electronic data or records relating to the Health Board election are removed from the electronic counting system; and
- (b) that any copy of the data or records, other than the copy mentioned in paragraph (1)(b), is destroyed in a manner which ensures that the confidentiality of the data or records is preserved.

Delivery of documents

52.—(1) The returning officer must then deliver to the chairman of the Health Board for which the election was held—

- (a) the things mentioned in rule 51(1);

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (b) the extracts of the register of local government electors and absent voters list sent to the officer under rule 9 and marked in accordance with rules 23 and 30(4);
 - (c) the list kept under rule 25(4); and
 - (d) the statement prepared under rule 37(6).
- (2) The returning officer must mark on each thing to be forwarded—
- (a) a description of it;
 - (b) the date on which the poll closed; and
 - (c) the name of the Health Board for which the election was held.
- (3) No person is permitted to open or inspect anything forwarded to a Health Board chairman unless authorised by a sheriff principal or the Court of Session under rule 53.

Orders for production of documents

53.—(1) A relevant sheriff principal or an election court may make an order for the inspection or production (including, if necessary, the opening) of anything forwarded to a Health Board chairman under rule 52.

(2) But a relevant sheriff principal may make such an order only if satisfied that it is required for the purpose of—

- (a) instituting or proceeding with a prosecution for an offence in relation to ballot papers; or
- (b) for the purpose of an election petition.

(3) An order under paragraph (1) may be made subject to such conditions as the sheriff principal or the election court considers appropriate.

(4) In making or carrying into effect an order under paragraph (1) care must be taken that the vote of any particular voter is not disclosed until it has been proved that—

- (a) the voter voted in the Health Board election in question; and
- (b) the vote has been declared by a competent court to be invalid.

(5) An appeal lies to the Court of Session from an order of a sheriff principal made under paragraph (1).

(6) Any power given to a sheriff principal under this rule may be exercised otherwise than in open court.

(7) If an order is made for the production by a Health Board chairman of anything in the chairman's possession relating to a Health Board election—

- (a) the production of the thing by the chairman is conclusive evidence that the thing relates to that election; and
- (b) any mark made on the thing in accordance with rule 52(2) is evidence that thing is what it is stated to be by the mark.

(8) In this rule, “relevant sheriff principal” means—

- (a) the sheriff principal having jurisdiction in the Health Board area (or any part of it) for which the election in question was held; or
- (b) where more than one sheriff principal has such jurisdiction, any such sheriff principal.

Retention of documents

54.—(1) The chairman of a Health Board must retain among the records of the Health Board—

- (a) for four years, the electronic copy mentioned in rule 51(1)(b); and

(b) for one year, everything else forwarded to the chairman under rule 52.

(2) At the expiry of the period of four years or, as the case may be, one year, the Health Board chairman must destroy anything retained under this rule unless directed not to do so by a sheriff principal or the Court of Session under rule 53.

PART 11

ELECTION EXPENSES

Candidates' election expenses

55.—(1) A candidate at a Health Board election must not incur expenses on account of or in respect of the conduct or management of the election in excess of £250 (regardless of whether the expenses are incurred before, during or after the election).

(2) If a candidate's election expenses exceed £250, any candidate or counting agent who—

(a) incurred (or authorised the incurring of) those expenses; or

(b) knew or ought reasonably to have known that election expenses would exceed £250,

is guilty of an illegal practice for the purposes of Part 3 of the 1983 Act.

Election expenses statements

56.—(1) No later than 35 days after the day on which the result of a Health Board election is declared, every candidate at the election must deliver to the returning officer a statement of all payments made by that candidate on account of or in respect of the conduct or management of the election together with all bills or receipts relating to such payments.

(2) The statement must be in such form as the returning officer thinks fit.

(3) The returning officer must, as soon as is reasonably practicable, forward the statement to the chairman of the Health Board for which the election was held.

(4) Rule 54 applies to a statement forwarded to a chairman as if the statement was something forwarded to the chairman under rule 52.

PART 12

SPECIAL RULES RELATING TO INELIGIBLE CANDIDATES

Special rules where candidate becomes ineligible after end of nomination period

57.—(1) This rule applies if a candidate, during the period from the end of the nomination period to the declaration of the result of the poll—

(a) dies; or

(b) becomes disqualified from being a candidate within the meaning of rule 10(2).

(2) If the result of the poll is such that the candidate is not declared to be elected as an elected member, the result of the poll stands.

(3) If the result of the poll is such that the candidate is declared to be elected as an elected member the returning officer must, when declaring the result, declare that—

(a) the candidate is no longer eligible to be a candidate (or has died); and

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (b) accordingly there is a vacancy to be filled in accordance with paragraph 11 of Schedule 1A to the 1978 Act.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations set out the arrangements for Health Board elections.

The areas for which Fife and Dumfries and Galloway Health Boards are constituted are the areas in which the Health Board election pilot scheme, for the purposes of section 4 of the Health Boards (Membership and Elections) (Scotland) Act 2009 (“the 2009 Act”), will be conducted. Sections 1 to 3 of the 2009 Act came into force for the areas of the specified Health Boards on 24th June 2009 (S.S.I. 2009/242).

Regulation 2 contains definitions.

Regulation 3 stipulates the date of the first election in those Health Board areas.

Regulation 4 introduces the Schedule containing rules applying to Health Board elections.

Regulation 5 defines “unelected candidate”. By virtue of paragraph 11 of Schedule 1A to the National Health Service (Scotland) Act 1978 (as inserted by section 2(3) of the 2009 Act) if a returning officer declares a vacancy in an electoral ward or an elected member vacates office early, Scottish Ministers may direct the Health Board to fill the vacancy with an unelected candidate.

Regulation 6 applies the procedures introduced by Part 3 of the Representation of the People Act 1983 in relation to legal proceedings to Health Board elections with appropriate modifications.

Rule 1 in the Schedule sets out the timetable according to which a Health Board election must be conducted.

Rule 2 designates that the returning officer for Health Board elections is the returning officer for the local government area in which the larger number of the population of the Health Board area resides.

Rule 3 provides for the payment of expenses and, if considered appropriate, a fee to the returning officer.

Rule 4 requires the returning officer to publish an election notice for each Health Board election.

Rule 5 prescribes the eligibility criteria for voters at a Health Board election. Eligibility is based on registration in a register of local government electors.

Rules 7 and 8 establish procedures for absent voting.

Rule 6 designates the registration officers for each local government area within a Health Board area as the relevant registration officers for that Health Board area.

Rule 9 imposes a duty upon each relevant registration officer to supply to the returning officer extract copies of the absent voters list and the register of local government electors containing details of those entitled to vote in a Health Board election.

Rules 10 and 11 detail the eligibility criteria for candidates at a Health Board election.

Rules 12 to 19 specify the procedures relating to the nomination of candidates.

Rule 20 sets out the procedure for appointing counting agents.

Rules 21 to 25 set out arrangements for the issue of voting packs and the form of ballot papers.

Rules 26 to 30 set out arrangements for the casting of votes in a Health Board election.

Rules 31 to 48 sets out arrangements for the receipt of ballot papers (rule 31) and for the counting of ballot papers.

Rules 49 and 50 detail the procedure for the declaration of the result of a Health Board election.

Rules 51 to 54 detail the procedures for dealing with documents relating to a Health Board election.

Rules 55 and 56 set out provisions relating to candidates' election expenses.

Rule 57 details the rules which apply when a candidate for a Health Board election becomes ineligible after the end of the nomination period.
