[21st December 1966]

BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

PART I

GRANTS

Increase of general grant for 1966-67 and discontinuance of general grants and Exchequer Equalisation Grants

1 Increase of general grant for 1966-67 and discontinuance of general grants and Exchequer Equalisation Grants

- (1) Apart from any increase authorised under section 2(2) of the Local Government and Miscellaneous Financial Provisions (Scotland) Act 1958, the Secretary of State shall increase by the sum of £700,000 the aggregate amount of the general grants payable to local authorities under that Act in respect of the year 1966-67.
- (2) General grants under the said Act of 1958 and Exchequer Equalisation Grants under the Local Government (Financial Provisions) (Scotland) Act 1954 shall not be payable for the year 1967-68 and subsequent years.

*Rate support grants for local authorities***2 Rate support grants**

(1) Subject to the provisions of this Part of this Act, the Secretary of State shall, for the year 1967-68 and each subsequent year, make grants to local authorities in Scotland in accordance with this section; and any grants made in pursuance of this subsection shall be known as " rate support grants ".

(2) For the purpose of fixing the aggregate amount of the rate support grants for any year the Secretary of State shall determine—

- (a) the aggregate amount which is to be available for the payment out of moneys provided by Parliament of grants (other than housing subsidies) to local authorities in respect of their reckonable expenditure for that year; and
- (b) the portion of that amount which the Secretary of State estimates will be allocated to grants in respect of such services as the Secretary of State may determine and grants under the Rating Act 1966 ;

and the amount remaining after deducting that portion from the aggregate amount aforesaid shall, subject to section 4 of this Act, be the aggregate amount of the rate support grants for that year.

(3) Before determining the amount and the portion mentioned in paragraphs (a) and (b) of subsection (2) of this section the Secretary of State shall consult with such associations of local authorities as appear to him to be concerned and shall take into consideration—

- (a) the current level of prices, costs and remuneration, any future variation in that level which can be foreseen and the latest information available to him as to the rate of reckonable expenditure ;
- (b) any probable fluctuation in the demand for services giving rise to reckonable expenditure so far as the fluctuation is attributable to circumstances prevailing in Scotland as a whole which are not under the control of local authorities ; and
- (c) the need for developing those services and the extent to which, having regard to general economic conditions, it is reasonable to develop those services ;

and for the purpose of determining the said amount and portion the Secretary of State may make such adjustments in respect of reckonable expenditure and grants as appear to him to be required to offset the effects on those factors of the constitution or alteration after the passing of this Act of any joint board.

(4) After consultation with such associations of local authorities as appear to the Secretary of State to be concerned, the aggregate amount of the rate support grants for any year shall be divided by the Secretary of State into three parts (to be known respectively as "the needs element", "the resources element" and " the domestic element") which shall be of such amounts respectively as may be prescribed; and the provisions of Schedule 1 to this Act shall, subject to sections 4 and 5 of this Act, have effect with respect to the determination of the amounts payable to any local authority in respect of those elements for any year and with respect to the other matters there mentioned.

(5) Payments in respect of elements of rate support grant shall be made to any local authority at such times as the Secretary of State may, with the consent of the Treasury, determine and shall be made in aid of the revenues of the authority generally,

(6) In this section—

" housing subsidies " means such grants to local authorities out of moneys provided by Parliament for the provision of housing accommodation as may

be determined by the Secretary of State to be housing subsidies for the purposes of this section ;

" reckonable expenditure ", in relation to any year, means the amount estimated by the Secretary of State to be the amount of expenditure for that year falling to be defrayed out of the rates of a local authority (excluding sums falling to be paid to another local authority by virtue of a requisition or other instrument), reduced by the amount of any payment falling to be made for that year into the housing revenue account or a trading account of the authority and by the amount of any payments of such descriptions as the Secretary of State may determine which fall to be made for that year ;

" trading account " means any account of a kind determined by the Secretary of State to be a trading account for the purposes of this section.

Before making any determination under this subsection the Secretary of State shall consult with such associations of local authorities as appear to him to be concerned.

3 Rate support grant orders

- (1) The aggregate amount of the rate support grants fixed in accordance with subsection (2) of section 2 of this Act for any year and the matters which under that section or Schedule 1 to this Act are to be prescribed shall be fixed and prescribed by an order made by the Secretary of State after consultation with such associations of local authorities as appear to him to be concerned and with the consent of the Treasury (hereafter in this Act referred to as a " rate support grant order ").
- (2) Any rate support grant order shall be laid before the Commons House of Parliament together with a report of the considerations leading to the provisions of the order, including the considerations leading to the determination of the amount and the portion mentioned in section 2(2)(a) and (b) of this Act, and shall not have effect until approved by a resolution of that House.
- (3) Rate support grant orders shall be made in advance for successive periods of two years; and a rate support grant order may, as respects any matter to be fixed or prescribed by the order, make different provision for different years.

4 Variation of orders etc.

- (1) If it appears to the Secretary of State that, after the time when the amount mentioned in section 2(2)(a) of this Act was determined for any year, an unforeseen increase has taken place in the level of prices, costs or remuneration and that the effect of the increase on the reckonable expenditure of local authorities for that year is substantial, he may at any time redetermine for that year the amount and portion mentioned in section 2(2)(a) and (b) of this Act and by an order, made in the like manner and subject to the like provisions as a rate support grant order, increase the amount fixed by the relevant rate support grant order as the aggregate amount of the rate support grants and any element of the grants for that year.
- (2) The provisions of sections 2 and 3 of this Act relating to consultation and to a report of the considerations leading to a determination under the said section 2 shall apply to a redetermination under this section as they apply to a determination under that section.
- (3) In deciding whether to exercise his power under subsection (1) of this section and in redetermining in the exercise of that power the amount and the portion there

mentioned, the Secretary of State shall have regard only to the extent by which the said amount and portion are insufficient by reason of the unforeseen increase aforesaid.

- (4) An order under subsection (1) of this section with respect to any year may, as respects that year, vary the matters prescribed by the relevant rate support grant order.
- (5) In this section " reckonable expenditure " has the same meaning as in section 2 of this Act.

5 Reduction of grants in case of default

- (1) If the Secretary of State is satisfied—
- (a) that a local authority or a joint board have failed to achieve or maintain a reasonable standard in the discharge of any of their functions, regard being had to the standards maintained by other authorities and boards which are, in the opinion of the Secretary of State, of a similar type to the local authority or, as the case may be, joint board concerned ; or
 - (b) that the expenditure of any local authority or joint board has been excessive and unreasonable, regard being had to the financial and other relevant circumstances of the area or areas concerned ;

and is of opinion that by reason of the failure or the excessive and unreasonable expenditure a reduction should be made in the amount of any element of rate support grant payable to the local authority or a constituent authority of the joint board, he may, after affording to the local or constituent authority in question an opportunity of making representations, make and cause to be laid before Parliament a report stating the amount of and the reasons for the proposed reduction and setting out any representations made by the authority with respect to the proposed reduction ; and if the report is approved by a resolution of the Commons House of Parliament the Secretary of State may reduce the element of the grant accordingly.

- (2) The Secretary of State may make regulations, subject to annulment in pursuance of a resolution of either House of Parliament, for prescribing standards and general requirements in relation to any function of a local authority; and in determining for the purposes of subsection (1) of this section whether there has been such a failure as is there mentioned, regard shall be had to any such regulations and any other standards or requirements imposed by or under any enactment.

- 2 The amount apportioned in accordance with the foregoing paragraph of this Schedule to any county shall be further apportioned among the landward area, or in the case of a combined county the landward areas of the county, and the burghs in the county in proportion to their products of a rate of one penny in the pound or their standard penny rate products, whichever is the higher, for the immediately preceding year, or in the case of a year of revaluation, in proportion to their said products, whichever is the higher, estimated in relation to that year under section 12 of this Act.

 - (3) This paragraph applies to such expenditure incurred as may be specified in regulations made under this paragraph.

Status: This is the original version (as it was originally enacted).

PART II

THE RESOURCES ELEMENT

- 2 The amount of the resources element payable to a local authority for any year shall be the amount which bears to the relevant local expenditure of the authority for that year the same proportion as the difference between the rate products mentioned in paragraph 1 above bears to the standard penny rate product for the area of the authority for that year.
- 3 (1) A county council shall, out of any resources element paid to them for any year, pay to the council of any district in the county an amount which bears to the amount of the resources element which was so paid (or would have been so paid if no reduction under paragraph 4 below had been made) the same proportion as the expenditure of the district council for that year bears to the relevant local expenditure for the landward area of the county for that year.
- (2) In this paragraph—
" district " has the same meaning as in the Local Government (Scotland) Act 1947;
" expenditure " in relation to a district council for any year means so much of that council's expenditure for that year as is reckoned in calculating the relevant local expenditure for that year for the landward area of the county in which the district is situated.

- 5 For the purposes of this Part of this Schedule the relevant local expenditure in relation to any area for any year is so much of the total expenditure for the year as would fall to be met out of moneys raised by rates levied in the area if no resources element were payable to the local authority concerned.

PART III

THE DOMESTIC ELEMENT

- 1 There shall for each year be prescribed, for the purposes of section 7 of this Act, an amount in the pound which in the opinion of the Secretary of State corresponds to the amount of the domestic element prescribed for that year in pursuance of section 2(4) of this Act.
- 2 The amount of the domestic element payable to a local authority for any year shall be determined in the manner provided by regulations made by the Secretary of

State after consultation with such associations of local authorities as appear to him to be concerned. Any statutory instrument containing regulations made under this paragraph shall be subject to annulment in pursuance of a resolution of either House of Parliament.

- 3 Any amounts payable to a local authority in respect of the domestic element shall be taken into account for the purposes of this and any other Act as if they were payable on account of rates and in computing the product of a penny rate ; and any reduction made in pursuance of section 7 of this Act shall be disregarded in computing the product of a penny rate for those purposes.

SCHEDULE 2

VALUATION OF WATER UNDERTAKINGS

PART I

DETERMINATION OF CUMULO RATEABLE VALUE

- 1 The Assessor of Public Undertakings (Scotland) (hereinafter referred to as " the Assessor ") shall for the year 1967-68 and each subsequent year determine in accordance with the following provisions of this and the next succeeding Part of this Schedule the cumulo rateable value of lands and heritages occupied for the purposes of a water undertaking, other than excepted premises, and shall enter such value in the valuation roll. In this paragraph " excepted premises " means dwelling-houses, or lands and heritages held by a local water authority under a lease for a period not exceeding twenty-one years.
- 2 The Secretary of State may by order make provision for determining the national average rateable value per unit per day calculated on the basis of the aggregate potential output of water, for a year specified in the order, of all the water undertakings whose values are for the year 1967-68 to be entered in the valuation roll referred to in paragraph 1 above, and such value so determined, or as modified under paragraph 3 below, is in this Schedule known as " the norm ".
- 3 Having regard to the changes in the rateable values of other lands and heritages, the Secretary of State shall keep the norm under review and may, in the year 1971-72 and each year of revaluation thereafter, by order make such adjustments in the provisions for determining the norm as appear to him to be appropriate. Any such order shall commence to have effect in the year in which it is made.
- 4 Not later than 31st December in any calendar year, commencing with the year 1966, each local water authority shall as respects the previous year ascertain and certify to the Assessor, to the nearest ten units, the average number of units per day of the various categories of water described in sub-paragraphs (a) to (f) of paragraph 5 below.
- 5 For the year 1967-68 the cumulo rateable value of the lands and heritages occupied for the purposes of a water undertaking shall be the aggregate of the following—
- (a) the average number of units per day of potable water produced by the undertaking and supplied for use within the limits of supply of the local water authority carrying on the undertaking in the year 1965-66, multiplied by the norm;

Status: This is the original version (as it was originally enacted).

- (b) one half of the average number of units per day of potable water supplied by them in bulk for distribution or use outwith the limits of supply of the local water authority carrying on the undertaking in the year 1965-66, multiplied by the norm;
 - (c) one half of the average number of units per day of potable water supplied to them in bulk in the year 1965-66, multiplied by the norm ;
 - (d) the average number of units per day of non-potable water supplied by them in bulk for distribution or use outwith the limits of supply of the local water authority carrying on the undertaking in the year 1965-66, multiplied by such fraction of the norm as may be prescribed by order made by the Secretary of State ;
 - (e) the average number of units per day of non-potable water produced by them and supplied for use within the limits of supply of the local water authority carrying on the undertaking in the year 1965-66, multiplied (subject to paragraph 6 below) by such fraction of the norm as may be prescribed by order made by the Secretary of State ; and
 - (f) the average number of units per day of non-potable water supplied to them in bulk in the year 1965-66 multiplied by such fraction of the norm as may be prescribed by order made by the Secretary of State.
- 6 The fraction prescribed by order made under paragraph 5(e) above may, for the purpose of the application of that sub-paragraph to a particular water undertaking, be varied by the Assessor within such limits as may be specified in the order, if in the opinion of the Assessor exceptional circumstances exist in relation to that undertaking.
- 7 (1) The Assessor shall, in respect of each year of revaluation, determine anew the cumulo rateable value pertaining to each water undertaking and for that purpose shall apply the provisions of paragraph 5 above, so however that for the reference in that paragraph to the year 1967-68 there shall be substituted a reference to the year of revaluation, and for any reference in that paragraph to the year 1965-66 there shall be substituted a reference to the year last but one before the year of revaluation.
- (2) Where as respects any year (in this paragraph referred to as " the relevant year ") the average number of units per day supplied by a water undertaking, as certified under paragraph 4 above, exceeds or falls short of the average number of units so supplied and certified for the purposes of valuation for the base year by more than such percentage as may be prescribed by order made by the Secretary of State, the Assessor shall determine anew the cumulo rateable value pertaining to that undertaking and for that purpose shall apply the provisions of paragraph 5 above, so however that for the reference in that paragraph to the year 1967-68 there shall be substituted a reference to the year second succeeding the relevant year, and for any reference in that paragraph to the year 1965-66 there shall be substituted a reference to the relevant year.
- (3) In this paragraph "base year " means the year for which the valuation pertaining to a water undertaking was last determined by the Assessor.

PART II

DETERMINATION OF CUMULO RATEABLE VALUE IN RESPECT OF AMALGAMATED UNDERTAKINGS AND OF NEW UNDERTAKINGS

- 8 Where an amalgamation of water undertakings takes place, the provisions of paragraphs 9 to 14 below shall apply for the purposes of determining the cumulo rateable value pertaining to the amalgamated undertaking.
- 9 For the year in which the amalgamation takes place the amalgamated water undertaking shall be treated as consisting of the separate water undertakings which comprise it, and accordingly the cumulo rateable values relating to the separate undertakings shall continue to apply.
- 10 For the first year succeeding that in which the amalgamation took place (in paragraph 14 below referred to for the purposes of this paragraph as " the valuation year ") the cumulo rateable value pertaining to the amalgamated water undertaking shall be determined under paragraph 5 above on the basis of an aggregation of the various figures for the separate undertakings comprising the amalgamated undertaking certified to the Assessor under paragraph 4 above in respect of the year prior to that in which the amalgamation took place (in paragraph 14 below referred to for the purposes of this paragraph as " the base year ").
- 11 Where the amalgamated water undertaking has been in existence for less than two complete years then for the second year succeeding that in which the amalgamation took place (in paragraph 14 below referred to for the purposes of this paragraph as " the valuation year ") the cumulo rateable value pertaining to the water undertaking shall be determined under paragraph 5 above on the basis of an aggregation of the various figures for the separate undertakings comprising the amalgamated undertaking and the various figures for the amalgamated undertaking certified to the Assessor under paragraph 4 above in respect of the year in which the amalgamation took place (in paragraph 14 below referred to for the purposes of this paragraph as " the base year ").
- 12 Where an amalgamation takes place which involves the division of an existing water undertaking into separate parts the cumulo rateable value pertaining to each part shall, for the years referred to in paragraphs 9 to 11 above, be determined in such manner as may be directed by the Secretary of State, and in those paragraphs any reference to a separate undertaking shall be construed as including a reference to the part comprised in the amalgamated undertaking.
- 13 Where the amalgamated water undertaking has been in existence for two complete years then for the second year succeeding that in which the amalgamation took place (in paragraph 14 below referred to for the purposes of this paragraph as "the valuation year") the cumulo rateable value pertaining to the water undertaking shall be determined under paragraph 5 above on the basis of the figures for that undertaking certified to the Assessor under paragraph 4 above in respect of the year in which the amalgamation took place (in paragraph 14 below referred to for the purposes of this paragraph as " the base year ").
- 14 For the purposes of paragraphs 10, 11 and 13 above paragraph 5 above shall apply as if for the reference to the year 1967-68 there were substituted a reference to the valuation year and for the references to the year 1965-66 there were substituted references to the base year.
- 15 (1) No rateable value shall be attributable to any new water undertaking until the year (in this paragraph referred to as " the valuation year ") second succeeding that in which

Status: This is the original version (as it was originally enacted).

it commences to supply water to consumers, and accordingly for the purposes of this paragraph paragraph 5 above shall apply as if for the reference to the year 1967-68 there were substituted a reference to the valuation year and for the references to the year 1965-66 there were substituted references to the year in which the undertaking so commences to supply water.

- (2) This paragraph applies only to new water undertakings and accordingly does not apply to a part of an undertaking which consists in an addition to an existing water undertaking.

PART III

DETERMINATION OF RATEABLE VALUE

- 16 In the case of a water undertaking wholly situated within a rating area the cumulo rateable value for the year 1967-68 or any subsequent year, as ascertained under the foregoing provisions of this Schedule, shall be taken to be the rateable value of that undertaking for that year and the Assessor shall enter that value in the valuation roll.
- 17 In the case of a water undertaking situated within more than one rating area the Assessor shall for the year 1967-68 and each subsequent year determine in accordance with the following provisions of this Part of this Schedule the rateable value attributable to a water undertaking in respect of such parts of the undertaking as are situated within such an area, and shall enter that value in the valuation roll.
- 18 For the purposes of this Part of this Schedule the capital works of each water undertaking shall be divided into productive and distributive parts in such manner as may be prescribed by order made by the Secretary of State.
- 19 Not later than 31st December in any calendar year, commencing with the year 1966, each water authority shall ascertain and certify to the Assessor—
- (a) the capital expenditure in respect of the productive part of the undertaking in each of the rating areas and, where appropriate, the separately rated areas in which the undertaking is situated ; and
 - (b) the income for the previous year from public water rate, domestic water rate and water charges derived from each rating area in which any portion of the distributive part of the undertaking is situated.
- 20 The cumulo rateable value of each water undertaking, as ascertained under the foregoing provisions of this Schedule, shall then be apportioned between the productive and distributive parts of the undertaking in such proportion as the Secretary of State may, in such manner as he thinks fit, by order determine.
- 21 (1) The amount of the cumulo rateable value apportioned to the productive part of the undertaking shall be apportioned among the rating areas in which any portion of that part is situated in such proportion as the capital cost of that portion bears to the capital cost of that part.
- (2) The amount of the cumulo rateable value apportioned to the distributive part of the undertaking shall be apportioned among the rating areas in which any portion of that part is situated in such proportion as the aggregate income from the public water rate, domestic water rate and water charges derived from a rating area bears to such income derived from the whole of the area in which the distributive part of the undertaking is situated.

Status: This is the original version (as it was originally enacted).

- (3) The aggregate of the amounts duly apportioned as aforesaid in respect of each water undertaking shall then be taken to be the rateable value attributable to that undertaking in the rating area concerned.
- 22 Where a rating area has within it separately rated areas the rateable value of a water undertaking as ascertained under the foregoing provisions of this Part of this Schedule shall be apportioned between those areas on such basis as may be determined by the Assessor who shall enter the resultant apportioned values in the valuation roll.
- 23 The Assessor shall no longer be required under section 23 of the Lands Valuation (Scotland) Act 1854 to apportion the cumulo rateable value of a water undertaking as between the various parishes in which the undertaking is situated or to enter such apportioned value in the valuation roll.

PART IV
